SUBJ: [REDACTED] s Memo on Potential  
Crisis Areas

1. This is a good idea. The list  
looks okay to me subject to two  
comments:

a. Greece, Turkey and Cyprus  
should be put under Europe (now  
the usage in State, DDI and DDO,  
as well as this Office).

b. Spain-Portugal should be  
understood to include the Moroccan-  
Spanish Sahara possibility and the  
Portuguese African territories  
problem as well as the remote con-  
tingency Spanish-Portuguese conflict.
